As we plan for athletics in the next school year it is so exciting to know that we will be back in the Red Gym soon and able to enjoy all of the upgrades and features that we've been dreaming about for so long. As the varsity girls' volleyball coach I can hardly wait for that first practice when we set up the nets and get to work. And as the

Athletics Director I'm excited to see students in the new fitness centre getting stronger for their chosen sport or just for the benefits of strength and health. It feels like it's just around the corner now!

Ryan Ratushniak - Athletics Director

We are grateful for 494 separate gifts received from 294 families/individuals that have contributed toward the 2.2 M+ already raised. We are so encouraged by your faithful generosity! **Thank you!**

DONATE to the Red Gym Refresh

We'll be back in August with another Red Gym Refresh Update!
